September 23, 2021

Dear Players, Parents, & Caregivers:

Thank you for your participation and commitment to the 2021 Soccer and Volleyball season. Please accept my deepest apologies for not scheduling this sooner, but things have been crazy this season with all of the changes and cancellations, and I completely overlooked the scheduling of team and individual pictures. I am truly sorry.

With that said, **we have switched to a new photographer this year.** We are happy to announce that we will be working with Anna Duxbury, owner of Pulse Photography, a local photographer here in Weyauwega.

The first availability that Pulse Photography had is Monday, October 4th. Therefore, all volleyball and soccer players should bring their uniforms to practice on that day. Anna will begin at 3:15pm with volleyball pictures here in our gym, and then she will travel to Immanuel, Waupaca to photograph the boys soccer team on the soccer field. Order forms for individual and team pictures **will be sent home next week Thursday.**

Again, I apologize for the oversight. If you have any questions, please don't hesitate to contact me.

In Christ,
Tim Thies
